Forecast for Sunday 14 Nov 2021

Weather: Some mist or even fog patches possible in prone areas but otherwise a bright morning with patchy cloud and some sunshine through the day. Perhaps more cloud spreading from the northwest during the afternoon but remaining bright around southeastern peaks.

Chance of cloud free mountain/hill tops above 800m: 95%, just a few patches of lower cloud around the top of the mountains at first in the morning. The top of Snowdon should be clear for most of the day.

Visibility: Moderate at first but becoming good with good views around the National Park. Some patches of lower cloud above 700m first thing in the morning but these should clear. Perhaps becoming hazy in the afternoon under the cloud in the north.

**Level above which ground is expected to be frozen/snow is expected to settle.*

Meteorologist's View

Light southeasterly winds during the day, feeling cold when on the summits, layers recommended.

Forecast for Monday 15 Nov 2021

Weather: Cloud building a little overnight but remaining mainly dry until after daylight. Some light and patchy rain will spread from the north over the area and quite a dull morning. Some heavier spells of rain are possible during the afternoon. Rain tending to clear south later in the day.

Maximum wind: South or Southeast 10-15mph becoming variable 5 mph later.

Chance of cloud free mountain/hill tops above 800m: 30%, summits will be shrouded with low cloud associated with the rain band. Perhaps clearer in the east at times.

Visibility: Cloud bases will be broken or overcast above 400m, cloud perhaps more scattered above 500m in the southeast. Visibility reduced to a few kilometres in rain and perhaps less than a kilometre in areas of drizzle.

Temperature: **Valleys:** Plus 7 rising to 11 Celsius.
At 800m: Plus 4 Celsius.
Freezing level: Above the summits.

Tuesday	Southwesterly winds strengthening with increasing cloud and some outbreaks of rain in the afternoon. Perhaps a period of heavier rain in the evening.
Wednesday	A cold feel to the day with blustery westerly winds, some brighter spells but one or two showers also possible.
Thursday	Strong westerly winds with increasing cloud and some patchy light rain at times. Feeling cold at first but milder later.
